These courses have been approved by the Sr Associate Dean of Professional Education and the Director of Professional Curriculum for the CoP PharmD degree.

Please contact the department listed under designator for the permission number or for more information as OSS will not have this.

*Non-ITV course

Any other courses outside of the CoP electives or this pre-approved list will have to be approved --- see Robin Stouder in Professional Education or Peter Haeg in OSS.

Electives need to meet the graduate level for professional course work (5XXX + level) and be related to your professional goals of Pharmacy.
