The College of Pharmacy at the University of Minnesota, Twin Cities is seeking an Assistant or Associate Professor/Acute Care Pharmacist for site development activities, clinical practice, and experiential education program-related activities at The University of Minnesota Health (MHealth) in Minneapolis, MN. This is an annually renewable, 100% time, non-tenure track position at the Assistant or Associate Professor level. The position involves joint accountability to the Director of Pharmacy at The University of Minnesota Health (MHealth) and to the College of Pharmacy, with responsibilities split approximately half and half.

The primary responsibilities for this position include both site and experiential education program-related activities. Practice site-related activities include engagement in acute care pharmacy practice as described in the MHealth Pharmacy Department position description (available upon request). Experiential education program-related activities include supervision of pharmacy students and pharmacy residents, site development for additional clerkships at The University of Minnesota Health (MHealth), participation in the development and assessment of the experiential curriculum. There will be opportunities for didactic teaching within the professional curriculum as well. Scholarly activity is expected and time for scholarly activity is included in, but not limited to, the college’s portion of the position. The individual in this position will be encouraged to participate in governance and service activities in the department and college, and, if desired, at the national level.

The position will report to the Associate Dean of Clinical Affairs at the University for all college-related activities, and will also have a reporting relationship to the Director of Pharmacy at The University of Minnesota Health (MHealth) for clinical activities. Both The University of Minnesota Health (MHealth) and the College of Pharmacy will participate in annual evaluations, which will be based on the extent to which the person is meeting the goals and responsibilities established jointly for his/her performance. The College of Pharmacy department head will be responsible for faculty development and assessment of faculty performance. The department home for the position will be determined based on the person’s interests and experiences.

Requirements for this position include a Doctor of Pharmacy Degree, completion of a Pharmacy Practice residency or equivalent experience, and eligibility for pharmacist licensure in Minnesota. At least three years of hospital/health-system practice experience and teaching experience is preferred. Completion of a specialty residency in an acute care field or equivalent experience is also preferred. Appointment at the Associate Professor (without tenure) level requires a proven record of scholarly activity related to teaching and/or research, service, and clinical practice. Salary will be commensurate with the candidate’s faculty rank and qualifications.

The University of Minnesota, College of Pharmacy is a top-ranked Pharm.D. program with campuses in Minneapolis and Duluth. The college is part of an Academic Health Center with six health professions schools and interprofessional education is a major emphasis. This is an exciting opportunity to practice in a rapidly developing environment to make full use of your education and experiences.

The University of Minnesota offers an exceptional benefit package including the faculty retirement program and excellent medical, dental and disability insurance programs. A competitive salary/starting package are offered commensurate with the candidate’s experience and skills.
Interested candidates are strongly encouraged to apply by August 1st, 2015, for the first review; however, this position will remain open until filled. For specific questions about this position, please contact the search chair, Dr. Scott Chapman at chapm004@umn.edu.

Your complete application should include:

1. Your curriculum vitae and letter of interest to your application. The letter of interest should explain your qualifications for the position.
2. A statement of research goals (attached as “Additional Document 1”), and your teaching philosophy (attach as “Additional Document 2”).
3. Arrange for three letters of recommendation (electronic copies are preferred) to be sent separately to Dr. Scott Chapman: c/o Christine Nelson: cophr@umn.edu

Or recommendation letters may be sent to:

University of Minnesota College of Pharmacy
c/o Christine Nelson
5-130 Weaver Densford Hall
308 Harvard Street SE
