

**Instrument**

In Vivo Imager

**Model / Number**

Xenogen IVIS Spectrum  
Imaging System / 124262

**Manufacturer**

Caliper Life Sciences

**Location**

MWAH 55

**Instrument Description**

The IVIS Spectrum Instrument is an *in vivo* imaging system that allows 3D molecular imaging of bioluminescence and fluorescence, spectral unmixing capabilities, and transmission and reflectance imaging.

**User Charges**

Not applicable

**User Information**

User must be trained to use this equipment. The user is responsible for cleaning and performing any per use maintenance and providing any disposable supplies required for operation. Any damage caused by the user is the responsibility of the user to repair or replace.
