Registration Process for Duluth Students to Enroll in Twin Cities Department Courses

Many departments/colleges on the Twin Cities campus offer elective courses for pharmacy students. Duluth students wanting to take courses offered on the Twin Cities campus will need to complete the Multi-institutional application form, which will allow them to register for courses on the Twin Cities campus (link below). Please read the form carefully as it contains information you will need to complete registration and pay your student account on each campus.

“UMD Application to Register at Multiple University of Minnesota Campuses” form

Once the form is submitted, the Duluth Career & Academic Advisor (Amy Renne) receives an email to approve the student's request. After the request is approved, the student will receive an email telling them how to register for the UMTC course.

Students will need to email the course instructor or department to request a permission number. The department contacts are listed on the class schedule. If a student does not know how to register with a permission number, they can contact One Stop or the Duluth Career & Academic Advisor for assistance.
