

COLLEGE OF PHARMACY

UNIVERSITY OF MINNESOTA

Driven to DiscoverSM

**Assistant/Associate/Full Professor
Geriatrics Pharmacy Practice Leader
College of Pharmacy
University of Minnesota, Twin Cities Campus
Department of Pharmaceutical Care & Health System
Or Experimental & Clinical Pharmacology**

The College of Pharmacy at the University of Minnesota, Twin Cities is seeking an Assistant/Associate/Full Professor. This full time position will focus on advancing geriatrics pharmacy practice, scholarship, and teaching at the College of Pharmacy (COP). Candidates for this faculty appointment will be considered for a 12-month, annually renewable contract assistant/associate professor (Job code #9403/9402) appointment **OR** a tenure-track assistant/associate appointment (Job code #9403/9402) **OR** tenured associate/full professor appointment (Job code #9402/9401) with a home department in Pharmaceutical Care & Health Systems *or* Experimental & Clinical Pharmacology. *Depending on qualifications and skills of the individual, the Candidate may choose to apply for one or both of the positions. However, a single candidate is being sought.*

Responsibilities will include serving as the geriatrics leader at the College of Pharmacy while collaborating with geriatric experts at the College to further advance the role of the pharmacist in care for geriatrics patients. Responsibilities will also include working collaboratively with senior leadership at the Academic Health Center (AHC) on the aging initiative, Prevention and Management of Frailty and Promotion of Resilience.

This position will contribute to teaching geriatrics topics in the Pharm.D. curriculum and will help develop a geriatrics focus area for Pharm.D. students in collaboration with geriatric faculty. It is expected to include approximately 20% time in patient care with a practice site to be determined. Participation in service responsibilities will be determined by the Department Head.

Requirements for this position include a Pharm.D., completion of a Pharmacy Practice residency or equivalent experience, Board Certification in Geriatric Pharmacy, and at least three years of geriatric pharmacy practice in multiple care settings and teaching experience. Completion of a Geriatric Pharmacy Practice Residency is preferred. Candidates must be eligible for pharmacist licensure in Minnesota. Evidence of progressive accomplishments in geriatric pharmacy should be demonstrated and leadership experience should be documented. Candidates should exhibit the promise of a successful externally funded research program. Evidence of successful collaborative research is strongly preferred. Salary will be commensurate with the candidate's qualifications.

The University of Minnesota, College of Pharmacy is a top-ranked Pharm.D. program with campuses in Minneapolis and Duluth. The college is part of an Academic Health Center with six health professions schools and interprofessional education is a major emphasis. This is

an exciting opportunity to practice in a rapidly developing environment to make full use of your education and experiences.

The University of Minnesota offers an exceptional benefit package including the faculty retirement program and excellent medical, dental and disability insurance programs. A competitive salary/starting package are offered commensurate with the candidate's experience and skills.

Interested candidates are strongly encouraged to apply by August 14, 2017, for the first review, however, this position will remain open until filled. For specific questions about this position, please contact the search chair, Dr. Michael Swanoski at mswanoski@d.umn.edu.

All applicants must apply via the University of Minnesota Online Employment System by selecting the link below:
